Response to Amendment

1. Claims 11 and 21 are rejected under 35 U.S.C. 103(a) as being unpatentable over EP (105556) or DE (4224947).

Claims 11-30 are rejected under 35 U.S.C. 103(a) as being unpatentable over DE (19719606) in view of DE (105556).

Response to Arguments

2. Applicant's arguments filed 8-22-03 have been fully considered but they are not persuasive.

Applicant argues that the above references teach builder/salt components as optional and that said components do not teach or suggest synergistic properties.

The examiner contends that each of the above mentioned references teach each of the claimed components for the use as an aqueous cleaning composition.

Furthermore, it is held that absent a showing to the contrary, one of ordinary skill in the art may rely on non-preferred embodiments for teachings of obviousness. A reference may be relied upon for all that it would have reasonably suggested to one having ordinary skill in the art, including nonpreferred embodiments. *Merck & Co. v. Biocraft Laboratories*, 874 F.2d 804, 10 USPQ2d 1843 (Fed. Cir.), cert. denied, 493 U.S. 975 (1989). Moreover, The reason or motivation to modify the reference may often suggest what the inventor has done, but for a different purpose or to solve a different problem. It is not necessary that the prior art suggest the combination to achieve the same advantage or result discovered by applicant. *In re Linter*, 458 F.2d 1013, 173 USPQ 560

(CCPA 1972). In re Dillon, 919 F.2d 688, 16 USPQ2d 1897 (Fed. Cir. 1990), cert. denied, 500 U.S. 904 (1991).

Conclusion

3. **THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action.
